

# Modern Color

Christine Barnes

**From a print fabric, cut:**

5 squares, 2" x 2". (A)

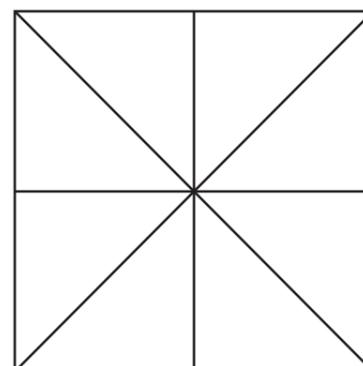

**From the solid or semi-solid fabric to go *between* the print squares, cut:**

1 square 4" x 4". Cut through the center horizontally and vertically to make 4 squares, each 2" x 2". (B)

**From another solid or semi-solid fabric, cut:**

1 square, 4" x 4". Cut through the center horizontally and vertically; then cut diagonally from corner to corner to yield 8 triangles. (C).

Leave Piece (D) white; that is, empty, **OR** choose a light-value fabric.

Cut 8.

Leave Piece (E) empty, **OR** cut 1 square 4" x 4" both ways to yield 4 squares, each 2" x 2".

In my block, these squares are white with a wavy black stripe.

From the corner fabric (black with a white design in my quilt), cut:

1 square, 4" x 4". Cut through the center horizontally and vertically to yield 4 squares, each 2" x 2" (F).
